- **APIs & Testing:** RESTful APIs, Jest, Cypress
- **Other:** Responsive Design, Cross-Browser Compatibility, Agile/Scrum Methodologies, Problem Solving and Debugging, Process Improvement

Core Skills

- Continuous Learning & Adaptability
- Leadership
- Communication
- Project Management
- Detail Oriented
- Team Work

PROFESSIONAL EXPERIENCE

Software Developer & Tech lead | Tech N' Goodwill Limited Aug 2023 – Present

- Collaborate with cross-functional teams to develop and maintain web applications, including an e-commerce site and a fintech app using PHP, Laravel and FlutterFlow.
- Demonstrated the ability to quickly master software tools for software development, writing, animation, and graphic design, creating engaging content tailored to client needs.
- Documented codes, workflows, and processes for users, clients, and internal teams, promoting clarity and ease of use.
- Optimize web applications for maximum speed and scalability.
- Work with RESTful APIs to integrate backend services with frontend components.
- Conduct code reviews and provide constructive feedback to improve code quality.
- Utilize Git for version control and collaborative development.
- Played a key role in fostering a collaborative and supportive team environment, encouraging open communication and knowledge sharing among team members to facilitate continuous learning and professional growth.

Interim Developer | AltSchool Africa March 2023 - March 2024

- Delivered excellent projects by paying attention to details, implementing responsive design and ensure cross-browser compatibility

- Assisted in the development of websites and applications using HTML, CSS, JavaScript, TypeScript, React and Vue.js.
- Wrote unit tests to ensure code quality and functionality.
- Fixed bugs and implemented new features as part of an agile team.
- Gained hands-on experience with version control using Git.

IT Specialist | Nimble Capital Limited

Feb 2019 – Dec 2021

- Oversaw day-to-day technical operations, ensuring system uptime and promptly identifying and resolving bugs to maintain seamless operations.
- Automated the collation of customer data and contact information, streamlining processes for efficient record management in a database.
- Analyzed customer data to generate actionable insights and presented detailed analytics reports to the company for strategic decision-making.
- Utilized customer contact data to execute outreach campaigns via email and text, gathering feedback and promoting company offers effectively.

EDUCATION

BSc In Animal Nutrition

2013 – 2020

Federal University of Agriculture, Abeokuta, Nigeria

Diploma In Frontend Engineering

2023 – 2024

AltSchool Africa, Lagos, Nigeria

TRAINING AND CERTIFICATION

Udemy.com

Jonas Schmedtmann

- Build Responsive Real-World Website with HTML and CSS.
- The Complete JavaScript Course: From Zero to Expert.
- The Ultimate React Course: React, Next.js, Redux & More

Coursera.org

Deep Teaching Solutions

- Learning How to Learn: Powerful mental tools to help you master tough subjects

PROJECTS

ScissorsWeb

React (TypeScript)

- Implemented functionalities such as customizable link shortening, QR generation and analytics.
- Utilized APIs and Supabase for authentication and storage.
- Implemented theme modes based on systems default/preference, styling using CSS and incorporated animations using various react packages.

SafulPay

FlutterFlow (Flutter)

- Developed appealing user interface using FlutterFlow
- Implemented backend logic by making API calls.
